& LAWN
Marquees

making the space

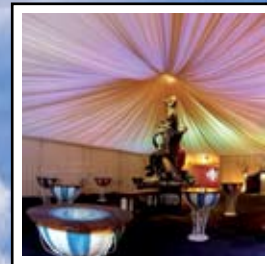

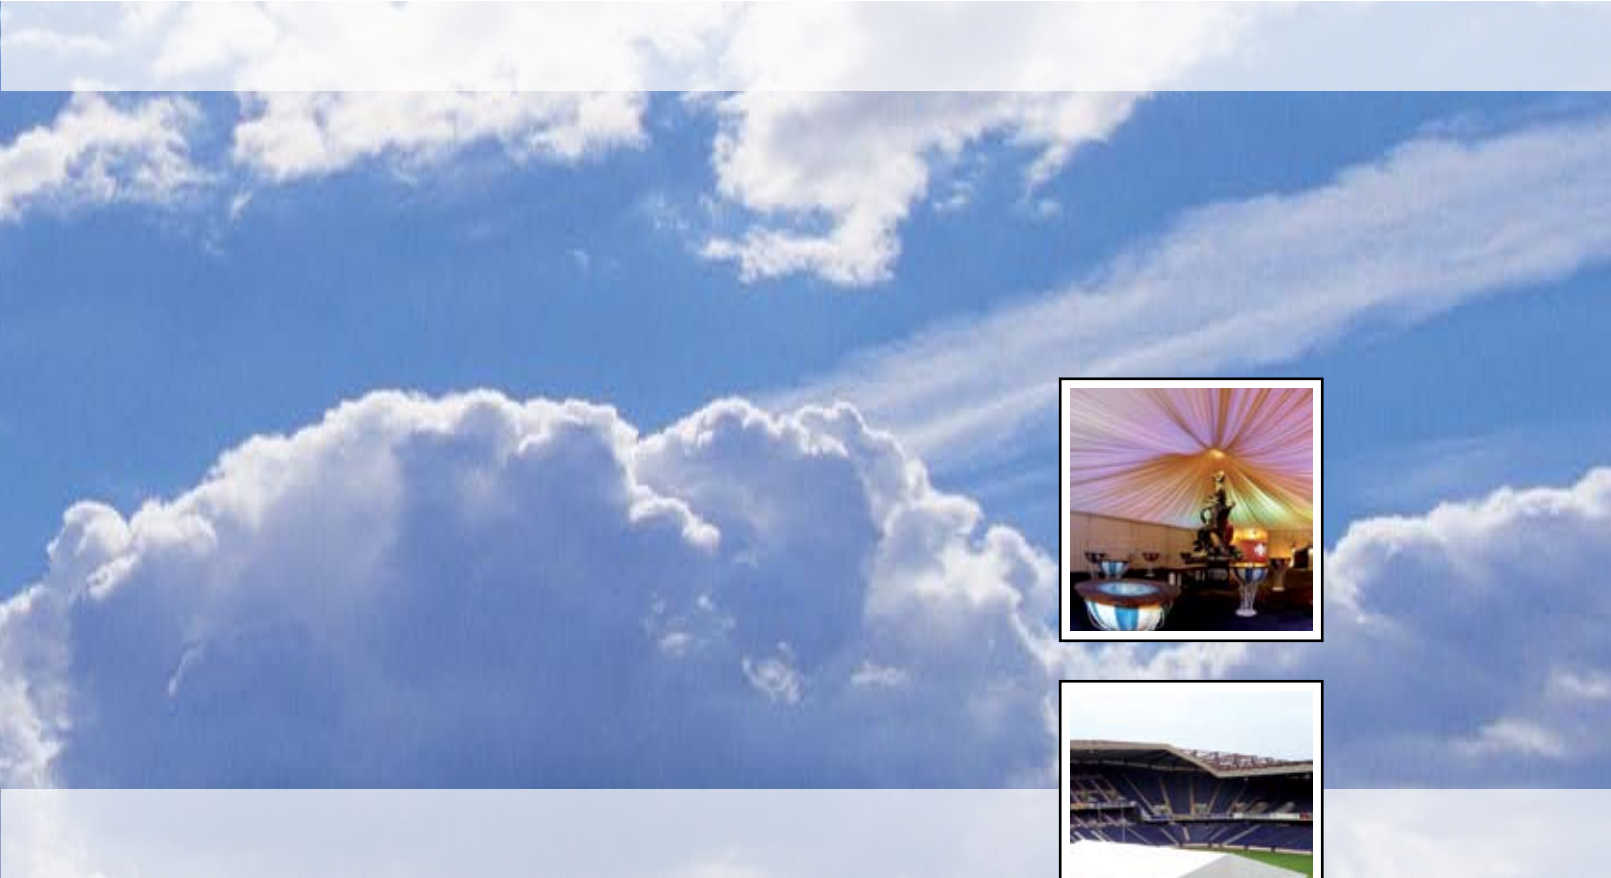

FIELD
& LAWN
Marquees

I'd like to thank Field & Lawn for a first rate job. It was a challenging event, with issues on site and elsewhere, that required a high degree of professionalism and this was handled to Field & Lawn's credit. We look forward to building on the excellent relationship we enjoy with Field & Lawn in the staging of our future events.

Lee Cooper, Projects Manager
National Event Company

Welcome to Field & Lawn Marquees

Founded in Edinburgh, award-winning Field & Lawn Marquees has been making the space for its many satisfied customers for over 20 years.

From inception, the company has experienced continued steady growth and now has the largest national marquee hire network in the UK.

Field & Lawn aims to be the natural first choice in the provision of marquee hire services, with local delivery from experienced professionals.

By bringing to life your vision for your event we hope to be of service to you again and again.

At your service

At Field & Lawn Marquees we will help you to create unusual, dramatic and professionally built environments for corporate hospitality, exhibitions, product launches, private parties, weddings - in fact, every conceivable event - nationwide.

By using a wide-ranging portfolio of temporary structures we are able to offer a cost effective, comprehensive service from the provision of a basic tent to the supply of fully equipped temporary buildings.

Our specialist teams are able to respond to the most in-depth brief and, as a result of the flexibility of our product range, we can adapt any structure to make the space work for you.

We will lead the way in the design, production and logistics process. Following a site visit, we will provide you with a quotation and site plans, along with a scale diagram of your space and a build schedule.

At Field & Lawn Marquees you will receive one-to-one customer care from start to finish from a dedicated Account Manager who will interpret your needs and deliver your vision.

Our products

Our extensive product range includes:

- Clearspan structures with rigid aluminium frames clad in white PVC (available in a variety of widths ranging from 2 metres to 30 metres)
- Entrance doors, PVC window walls, glazed window sections or hard sided walling
- PVC covers coloured, clear or printed
- Porches, walkways and pagodas
- Leveled floor, platforms and tiered seating
- Dance-floors, carpets and wooden flooring
- Heating and lighting
- Furniture
- Warehousing and storage structures.

We continually invest in premium products, systems and training to ensure we deliver the quality of service to meet your expectations.

Your Health & Safety

Field & Lawn has a rigorous Health & Safety policy. This consists of individual Risk Assessments and Method Statements for each and every structure we deliver. All of our structures, including our covers and linings conform to the latest safety standards as defined by the Performance Textiles Association and industry best practice. Certification is available on request.

“Could not fault this operation in any way. From the moment I made the first enquiry I was treated with the greatest respect. Quotations, site plans all came through timeously. Erection on site was performed with military precision. The operation was a credit to your company. Little bureaucracy, plenty of action and no hassle.”

Jim Cushley
Private Client

“A first class service from a first class company.”
